

Float Valves

- Reliable Valves with High Flow Rates
- Heavy Duty Brass or Economical Plastic

FULL FLOW

Brass arm: Sheep troughs only.
Stainless arm: Round cattle troughs only.

Part No	Description LP = Low Water Pressure, HP = High Pressure	Flow Lt/min @10psi	Flow Lt/min @25psi	Flow Lt/min @55psi	Maximum Pressure kpa (psi)	Price*
FVPL25HA	Hansen 1" Sleeve Valve HP&LP, 6" float & cord	115	175	275	1200 (175)	
FVPL32HA	Hansen 1" Sleeve Valve HP&LP, 6" float & cord, 1¼" adaptor	115	175	275	1200 (175)	
FVPL25SA	Hansen 1" Sleeve Valve HP&LP, short brass arm & 6" float	115	175	275	900 (130)	
FVPLD2532H	Hansen 1" Diaphragm HP&LP, float & cord, 1¼" adaptor	350	520	750	1200 (175)	
FVA253	Alderdice Brass 1" HP (14mm orifice) 7" float & chain	110	175	245	400 (60)	
FVA254	Alderdice Brass 1" HP (14mm orifice) 9" float & chain	110	175	245	700 (100)	
FVA323	Alderdice Brass 1¼" HP (14mm orifice) 7" float & chain	110	175	245	400 (60)

FVA251	Alderdice Brass 1" LP (18mm orifice) 7" float & chain	155	245	-	200 (30)	
FVA252	Alderdice Brass 1" LP (18mm orifice) 9" float & chain	155	245	335	550 (80)	
FVA321	Alderdice Brass 1¼" LP (18mm orifice) 7" float & chain	155	245	-	200 (30)	
FVA322	Alderdice Brass 1¼" LP (18mm orifice) 9" float & chain	155	245	335	550 (80)	
FVFF25	Full Flow Brass 1" LP Brass Adjustable Arm c/w 7" float #	100	175	-	260 (38)	
FVFF32	Full Flow Brass 1¼" LP Brass Adjustable Arm c/w 9" float #	160	275	-	275 (40)	
FVFF40	Full Flow Brass 1½" LP Brass Adjustable Arm c/w 9" float #	275	440	-	170 (25)	
FVFF50	Full Flow Brass 2" LP Brass Adjustable Arm c/w 9" float #	350	-	-	70 (10)	
FVFFHP25C7	Full Flow Brass 1" HP Brass Body, Stainless Arm c/w 7" float	30	50	70	1103 (160)	
FVFFHP32C7	Full Flow Brass 1¼" HP Brass Body, Stainless Arm c/w 7" float	30	60	85	1103 (160)	
FVFFHP40C7	Full Flow Brass 1½" HP Brass Body, Stainless Arm c/w 7" float	30	65	90	827 (120)	
FVFFHP50C9	Full Flow Brass 2" HP Brass Body, Stainless Arm c/w 9" float	30	75	105	758 (110)	
FVSTM25	Stockmaster Brass 1" HP Diaphragm valve, 7" float & cord	-	180	310	860 (125)	
FVSTM32	Stockmaster Brass 1¼" HP Diaphragm valve, 7" float & cord	-	265	475	860 (125)	
FVSTM40	Stockmaster Brass 1½" HP Diaphragm valve, 7" float & cord	-	425	650	860 (125)	

*Prices include GST. Freight is additional. #Also available with a stainless-steel arm for \$1 less per valve (suit round cattle troughs only).

Trough Riser Assemblies & Ground Reinforcement

Has the plumbing to your trough inlets ever been broken by stock or ground movement? Use stock-resistant fittings such as stainless elbows and unions with threaded risers or fire-resistant rubber hose. This ensures low maintenance plus a time-efficient and easy job, both at installation and later if moving the troughs.

INLET RISER ASSEMBLY COMBINATIONS		
Description	Size	Price*
Nipple, Elbow, Union, 600mm Poly Riser (IRA-PR)	1" (25mm)	
	1¼" (32mm)	
	1½" (40mm)	
	2" (50mm)	
Nipple, Elbow, Union, Brass Ball Valve, 450mm Poly Riser (IRA-PU)	1" (25mm)	
	1¼" (32mm)	
	1½" (40mm)	
	2" (50mm)	
Elbow, 2 x Hose Barbs, 500mm Rubber Hose, 2 x HD Hose Clamps (IRA-RH)	1" (25mm)	
	1¼" (32mm)	
	1½" (40mm)	
	2" (50mm)	
Nipple, Elbow, Union, Brass Ball Valve, 2 x Hose Barbs, 500mm Rubber Hose, 2 x HD Hose Clamps (IRA-RU)	1" (25mm)	
	1¼" (32mm)	
	1½" (40mm)	
	2" (50mm)

SURFACE STABILISING DIAMONDGRID™

Easily installed & relocatable!

No more mess around water troughs with Diamond Grid in the ground base! A simple solution to prevent erosion by water spill & livestock traffic. It reinforces the ground surface & improves drainage, ensuring durability & stability against heavy loads and constant use.

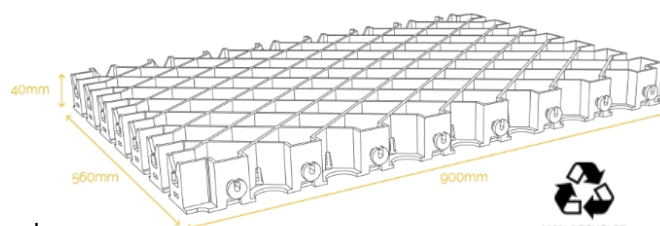

Diamond Grid can be filled with soil, gravel or road base.

Fill ratio per grid: 1 cubic metre of fill per 25m².

Crush resistance: 300T/m² empty, 1000T/M² filled.

(900x560x40mm piece x 2 = 1m²)	Weight	Price per m²	TOTAL
FULL PALLET = 55m²	352kg		

AVAILABLE FROM FORM DIRECT 1300 659 830
